Envirotainer°
Precision with Purpose

DESCRIPTION

Since its inception, the E-Tech family has protected thousands of pharmaceutical shipments thanks to advanced insulation and precise temperature control that ensure stability in any climate. The RAP e2 includes Live Monitoring as standard, offering real-time visibility throughout the shipment's journey, providing you with peace of mind and proactive risk management. With the E-Tech family, you can ship confidently to almost anywhere in the world, knowing your temperature-sensitive products will arrive in perfect condition every time.

The Envirotainer RAP e2 is a 5 Euro or 4 US pallet-size container, designed with advanced temperature-controlled technology, to meet the extreme demands of the pharmaceutical industry. Live Monitoring is included as standard, delivering enhanced protection, full visibility, and peace of mind for every shipment.
