ORDERS ASSETS LOCATIONS **CREATE ORDER**

Create Order

1. Select Shipping Countries ✓

2. Select CryoSure® Solutions ^

CryoSure Model REQUIRED

CryoSure Model	Product Holder	Shipment Report	Live Monitoring
 CryoSure® X1	<input checked="" type="checkbox"/> Free	<input checked="" type="checkbox"/> Free	<input type="checkbox"/> Free Including Shipment Report
 CryoSure® X2	<input checked="" type="checkbox"/> Free	<input checked="" type="checkbox"/> Free	<input type="checkbox"/> Free Including Shipment Report
 CryoSure® X5	<input checked="" type="checkbox"/> Free	<input checked="" type="checkbox"/> Free	<input type="checkbox"/> Free Including Shipment Report
 CryoSure® X11	<input checked="" type="checkbox"/> Free	<input checked="" type="checkbox"/> Free	<input type="checkbox"/> Free Including Shipment Report

Step 2: Select Cryosure Solutions

- Choose the specific Cryosure Model, by indicating the quantity needed for each selected Model
- Choose quantity per Cryosure Model
- The "Product Holder" is pre-selected and included inside the Cryosure at no extra cost. If you do not wish to use it, deselect this option
- The "Shipment Report" service is pre-selected and added to the Cryosure without additional charges. If you do not need a Shipment Report, deselect this option.
- If you desire an upgraded digital service, select "Live Monitoring." Please note that choosing "Live Monitoring" will automatically deselect the Shipment Report service. Combining these digital services on the same Cryosure Model is not possible. Select "Live Monitoring" if you want the upgraded monitoring service

In the next step you will find detailed explanations for following features: Product Holder, Shipment Report, Live Monitoring. Additionally, instructions for configuring order-specific Report settings will be provided.

Select Cryosure Solutions

Product Holder load capacity and dimensions

Digital services explained (Shipment Report & Live Monitoring)

The screenshot shows the product configuration interface for CryoS sure X2. At the top, there are images of the product box and the cryogenic canister. Below these, the product name "CryoSure® X2" is displayed with a quantity of 1. A list of features is shown with checkboxes and prices:

- Product Holder: Free
- Shipment Report: Free
- Live Monitoring Including Shipment Report: 95 EUR

A "REPORT SETTINGS" button is located at the bottom of the configuration area. Three callout boxes provide detailed information:

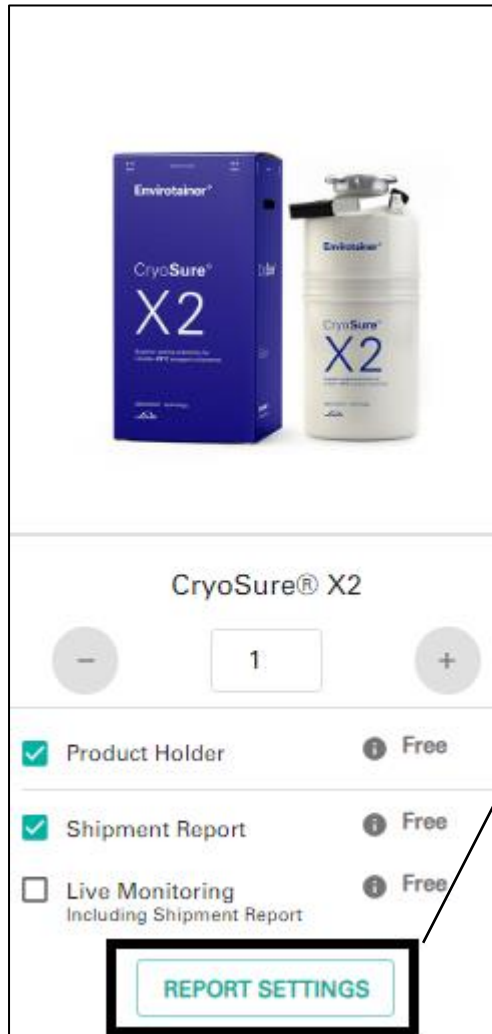

- Product Holder X2:** CryoS sure® X2 comes with a cylindrical stainless-steel product holder with a handle. Canister holding 14 canes with or 16 canes without sleeves; 5 vials/cane, 2mL vials in configuration.
- Shipment Report:** Geolocation and internal temperature provided when logger is scanned during shipment. Data is uploaded in shipment report at every scan. Full shipment report published after return.
- Live Monitoring:** Geolocation and internal temperature provided live during shipment. Shipment report can be viewed and downloaded during shipment. Full shipment report is published after return. Geofences and thresholders can be set in Envirotainer Live Monitoring and be connected to notifications, to easily keep track of shipment.

Step 2: Select Cryosure Solutions

Clicking on the information button will trigger the display of a detailed description for the respective feature.
